

Item No.		Description
2.58.15.98.03		<p><b>Introductory Kit Laboratory</b>            16 Castable Ball-Anchor Pivots , all sizes (normal/mikro)            2 Castable bars regular size (1 straight/1 bevelled)            2 Castable bars micro size (1 straight/1 bevelled)            2 Basic putting profiles normal (1 upper/1 lower)            2 Basic putting profiles micro (1 upper/1 lower)            1 Basic profile "Monoblock" normal            1 Basic profile "Monoblock" micro            2 Matrix cages "single piece", plastic, normal            2 Matrix cages "single piece", plastic, mikro            2 Ball Anchors-horizontal "single", normal            2 Ball Anchors-horizontal "single", mikro            4 plastic positioning rings (2 regular size/2 mikro)            4 BA-horizontal white caps (standard retention) (2 normal/2 mikro)            4 BA-horizontal pink caps (soft retention) (2 normal/2 mikro)            4 BA-horizontal yellow caps (medium retention) (2 normal/2 mikro)            4 BA-horizontal green caps (resilient) (2 normal/2 mikro)            4 BA-horizontal working caps (black)(2 normal/2 mikro)            2 Stainless steel housings normal (1 for soldering/ 1 for resin)            2 Stainless steel housings mikro (1 for soldering/ 1 for resin)            4 Aluminium spacers for BA-horizontal bar (2 normal/ 2 mikro)            4 Ball-Anchors vertical (2 normal/ 2 mikro)            2 Elongation for Ball-Anchors vertical            4 BA-vertical white caps for duplication (standard retention)            2 analogue pivots for stone cast for BA-horizontal normal            2 analogue pivots for stone cast for BA-horizontal mikro            2 analogue pivots for stone cast for BA-vertical            3 Keys for parallelometer (horizontal normal &amp; mikro / vertical)            3 Reamers for regulating caps (horizontal normal &amp; mikro / vertikal)            2 Tools for inserting caps (horizontal normal &amp; mikro / vertical)            4 Aluminium disks for Ball-Anchor "single-type"            1 Tweezers</p>
2.41.01.98.03		<p><b>BA (Ball-Anchor)-Kit vertical with caps for duplication</b>            4 BA-vertical (2 normal/ 2 long)            2 Elongations for BA-vertical            4 BA-vertical white caps for duplication (standard retention)</p>
2.41.02.98.03		<p><b>BA (Ball-Anchor)-Kit vertical with caps for stainless steel housings</b>            4 BA-vertical (2 normal / 2 long)            2 Elongations for BA-vertical            2 Plastic-tools for positioning the stainless steel housing BA-vertical            4 BA-vertical white caps for stainless steel housing (standard retention)            4 Stainless steel housings for BA-vertical</p>
2.40.24.75.03		4 BA-vertical, normal, plastic, red
2.40.88.75.03		4 BA-vertical, long, plastic, red
2.40.25.75.03		2 Elongations for BA-vertical, plastic, red
2.40.38.75.03		4 BA-vertical pink caps for duplication (soft retention)
2.40.39.75.03		4 BA-vertical yellow caps for duplication (medium retention)
2.40.40.75.03		4 BA-vertical white caps for duplication (standard retention)
2.40.90.75.03		4 BA-vertical pink caps for stainless steel housing (soft retention)
2.40.91.75.03		4 BA-vertical yellow caps for stainless steel housing (medium retention)

2.40.42.75.03		4 BA-vertical white caps for stainless steel housing (standard retention)
2.40.43.20.03		2 Stainless steel housings for BA vertical
2.40.46.75.03		2 Plastic-tools for positioning the stainless steel housing BA-vertical
2.40.52.20.03		2 analogue pivots for stone cast for BA-vertical
2.40.92.75.03		6 BA-vertical working caps (black) for duplication -only for laboratory use-
2.40.93.75.03		6 BA-vertical working caps (black) for stainless steel housing -only for laboratory use-
2.40.59.32.03		Reamer for regulating caps, vertical
2.40.61.98.03		Tool for inserting caps, vertical
2.40.64.32.03		Key for parallelometer, vertical
2.41.25.98.03	<b>TOOLKIT</b>	<b>Tool-Kit for the dentist (5 tools)</b> Contains: 2.40.57.32.03, 2.40.58.32.03, 2.40.60.98.03, 2.40.61.98.03, 2.40.67.75.03
